

## Certificate

### for fire extinguishing media

This is to confirm that the below mentioned aqueous film-forming **DIN EN 1568 foam concentrate** is suitable for generation of low expansion foam for fire extinguishing purposes for the fire classes A and B according to DIN EN 2. The extinguishing medium is approved in accordance with the requirements of the standard DIN EN 1568-3 as well as on basis of the available test reports under the following certification number:

**SP 98/08**

**Test report no:** 2008-F-2999

**Holder of certificate:** First Value Holdings Limited, Ammochostou 10, P.C.-4528 Pentakomo, Zypern

**Manufacturer:** Ron Thames, 180 Etowah Trace, Fayetteville, GA 30214, USA

**Name of the product:** FireAde<sup>2000</sup> - Fire Fighting Agent

**Ingredients notified:** -

**Fire extinguishing performance:**

**Extinguishing performance class and burnback resistance level:**

**Low expansion foam to DIN EN 1568-3 with potable water/with simul. sea water: IC / IC**

**Freezing point:** - 1 °C

**Information:** The packing of the fire extinguishing medium is to mark with the required information, e.g. according to the Gefahrstoffverordnung. Additionally is to note: Caution! There is no possibility to breath for persons staying in the foam. Avoid eye contact.

The fire extinguishing medium is tested according to DIN EN 1568-3. Conformity with DIN EN 1568-3 is confirmed.

The packing of the medium is solid to mark with the required information of the extinguishing medium. Additionally it is allowed to mark the product with the certification number **SP 98/08** as registered according to this certificate.

This certification is valid only for fire extinguishing media those comply with the supplied and stored test sample.

Certificates of conformity of portable or mobile fire extinguishers are valid in connection with the fire extinguishing media only the type test of the fire extinguisher has been performed.

The above specified European standards relate to the date of this certification.
