

ESCHBACH SPECIAL-500 BUFFALO

Type 1 / Level 3

Fire fighting hose for professional applications

Developed in cooperation with professional fire brigades. Fluorescing for better visibility. Outside 100% high tenacity, colour dyed polyester yarn. Circular woven, twill-weave, increased abrasion resistance due to a reinforced jacket. Inner liner made out of a vulcanized high quality EPDM compound.

ADVANTAGES

- Enhanced abrasion resistance
- Supreme visibility even in smoke filled rooms and in darkness
- Reinforced layflat hose
- High aging resistance
- Cold-resistant up to -40°C
- Heat-resistant up to +100°C
- Easy maintenance and handling

APPROVALS

- DIN 14811 Class 1 L3

SERVICE

- Individual marking available
- Binding with international couplings available on request
- Available in lengths up to 1000 m depending on diameter

Diameter Inch (mm)	Weight g/m	Burst pressure	Working pressure	Test pressure
1½" (42)	255	60	16	24
2" (52)	330	60	16	24
3" (75)	540	60	16	24

Remark maximum working pressure:

The mentioned data is valid for the hose only. In case of fitted couplings the working pressure depends on the respective defined nominal pressure of the used coupling and the method of fitting.
